**Combined
Energy
Services**

Your energy supplier for more than 40 years.

Since 1968, Combined Energy Services has provided customers throughout the Tri-State Region of New York's Catskill Mountains & Hudson Valley, Eastern Pennsylvania and Northern New Jersey with dependable propane gas and fuel oil deliveries, as well as unmatched, around-the-clock repair service. Combined Energy Services is today one of the largest gas suppliers in the region while remaining independently owned and operated by The Taylor Family. Our two offices and four local storage facilities ensure we have the fuel and resources available when you need it.

Whether it's brand new construction, an older home where you have lived for years, weekend residence, business, farm or restaurant, Combined Energy Services is committed to providing you with the information, products and services you deserve to help you efficiently maintain your comfort year-in and year-out.

This list of services is only the beginning.

Combined Energy Services remains dedicated to providing its customers with quality service and the best prices in the industry, while other companies are playing games with their customers' rates and delivery times, and not following through with their promises. We stand by our convenient payment and delivery programs, and our propane gas and fuel oil equipment and tank installations.

The bottom line is that we deliver on our promises. When you deal with Combined Energy Services, you are buying from a company you can trust.
